MYSTERIOUS BOOK OF MASTERS INTRODUCTION

You are about to experience real high-level manifestation science. Not the mass marketed junk that has been offered to poor, unsuspecting students of the manifesting arts for the last few hundred years. No! What you are about to learn is the *real* manifestation secrets that were taught in ancient mystery schools thousands of years ago, and are now being taught *only* by I.G.O.S. Success Tech, which is the only *authentic* Subtle Physics Manifestation Organization in operation today. This is called High-level Manifestation Science.

This exciting approach to the art and science of making your wildest dreams come true is effective, powerful, simple and even fun! In fact, real transcendental practice is fun, as should *all* learning be. This book is part of the Mysterious Book of Masters Series, and part of the 1-2-3 Easy Mastership Next Level Initiation Training System, where initiation is part of the training process.

This Mysterious Book of Masters are talismanic in nature, generating and drawing to you positive energies that other systems take years to empower you with, if ever. Just owning this book starts the process of spiritual empowerment through the releasing of your Inner Magical Being, which itself is the Higher Consciousness within that creates everything magical in your life. The action of reading, looking at, and having this book around, is like having an ancient talisman charged JUST for you. It is a powerful tool unto itself that works deep within your consciousness and initiates you by activating your Inner Magical Being.

ACTIVATING YOUR INNER MAGICAL BEING

Initiations of all kinds are designed to connect you to power streams that activate your Inner Magical Being. This Mysterious Book of Masters does just that, with an ancient system of Sigils that has never been seen before. Sigils that work *within* you, without you doing anything.

Just what these Sigils are, and how to use them, will be detailed shortly. All you need to do is 'let go and let happen'. In contrast, the conscious act of *trying* to activate the Inner Magical Being, actually stops it from being activated because, when the corrupt common mind tries to activate Higher Consciousness *directly*, then this Higher Consciousness *blocks* the activation.

Only through the pure inner Higher Self, with the help of ancient Sigils, will the Inner Magical Being be activated. So, this book, and all the other books in the Mysterious Book of Masters Series, work from the Higher Self and activate the Inner Magical Being, without consciously trying, just as a talisman assists you without your constant concentration on it. This is true Next Level Manifesting Science.

NEXT LEVEL MANIFESTATION TRAINING

It is interesting to note, that most common mysticism books are anything but mystical. They are produced like any other common book with basic information and a few techniques. This level of self-actualization practice is of the lowest level, produced by low-level manifestation scientists of little knowledge. Like almost all such people in this field today, they have no formal training. They are basically self-appointed experts with little to no personal power, and their books plainly show this. This is why the art and science of desire-materialization has progressed little in the last few hundred years, and in modern times, not at all. By taking the step to own and use this Mysterious Book of Masters, you are taking your first step into *uncovering* what the true essence of manifestation is all about.

Next Level Manifestation consists of several levels. This book is a Level I book and is designed to assist the general public. Advanced level books are available to dedicated I.G.O.S. Success Tech members only. It is highly recommended that you seek membership with our society and are taught properly from the start.

The I.G.O.S. Success Tech Apprentice Handbook details the requirements and general activities and beliefs of our organization. Those interested in our society must read this Handbook as it should answer any questions you may have, and more.

PERSONAL ASSISTANCE - MENTORSHIP

Next Level Manifestation Training encompasses all aspects of proper learning. This includes the critical mentorship of *personal* assistance. Your life is special and unique, and as such, it requires special spiritual techniques that are geared towards you *personally*. While other books and so-called businesses leave you on your own to figure out magical rituals and processes, I.G.O.S. Success Tech is here to assist you step-by-step through all aspects of your individual life. This too is what Next Level Manifestation Training is all about - individualized training from Manifestation Masters.

Our global society is here to help anyone using our products for FREE! This free service comes with all of our products. All you need to do is contact us through our contact form by visiting our website at www.igossuccesstech.org. Click on the contact tab and it will take you to the online contact form.

If you are serious about REAL self-empowerment, you need to seek this free mentorship. By personalizing your spiritual practices, you will gain power and success in the fastest possible time. Instead of trying to figure things out for yourself, and more often than not fail, your Mentor will guide you down the best possible path for you personally. It is like having a Manifestation Master training you in person. This is real magical learning as it was meant to be, and it is being conducted by a real non-profit magical organization.

HOW TO USE THIS MYSTERIOUS BOOK OF MASTERS

As already stated, this book is part of the Mysterious Book of Masters Series, and Next Level Manifestation - Level I, in which you will encounter a number of full-color Sigils.

There are essentially two types of Sigils and both are equally important to use. Firstly, the more general images found throughout the book, and the first set of Sigils found at the back of the book, are called Success Tech Sigils. They may

seem simple or common looking but they are far from this. As with all real grimoires past and present, they are encoded with many empowerments and connect you to I.G.O.S.' streams of power.

Secondly, the second set of Sigils found at the back of the book are called Specific Empowerment Sigils. These are stand-alone, full-page Sigils with a specific title and set of instructions in accordance with their unique purpose.

Specific Empowerment Sigils usually include somewhat strange graphics that are unclear in nature. These Sigils are used for *specific* empowerment and purposes. Depending on the Mysterious Book owned, the Specific Empowerment Sigils will affect those areas that pertain to the subject matter and practices in that book.

The number of Sigils in any one book varies, depending on how many Sigils are necessary to empower you with regard to that book's complete subject matter.

Having said this, nothing in a Mysterious Book of Masters is there for decorative purposes. *Everything* has a purpose. This book is a transformational tool, as well as a training manual. Its deeper meanings will reveal themselves to the student worthy of its empowerment, while those not worthy, or at too low a level of understanding, will only benefit from the basic system itself.

NEXT LEVEL MATERIALIZATION TECHNOLOGY

Next Level Reality Creation is about taking proven technology and amplifying it for the user of a specific product. From modern research, we have discovered what areas of the brain assist higher psychic functioning, and since ancient times, we know of magical energies that empower psychic functioning. By combining the two, the result is this - a powerful Next Level Manifestation System. *All* the Sigils in this book are magical symbols that contain positive magical power. The most common of these are talismans and amulets. But, they are crude low-level Sigils for the masses. In contrast, the Sigils in this book have been developed to produce special activations to empower anyone *looking* at them, and in some cases, for a *specific* purpose.

Highly advanced Next Level Manifestation Technology is encoded within the Sigils. More specifically, each Sigil is encoded with special symbols and

nanotechnology to empower the user, along with an added secret element of power through their connection to I.G.O.S. This then achieves an entire new dimension of empowerment.

Ultimately, the Sigils are designed to activate the Inner Magical Being that controls all magical power within and outside of you. This Inner Magical Being, together with specific brain centers that assist High Level Magical Functioning, are all activated through the simple use of the Sigils. Moreover, simply viewing any Sigil also connects the viewer to the I.G.O.S. empowerment energy stream. Exactly how to use the Sigils will be detailed shortly.

Finally, the basic text itself also has hidden meanings and images built into it that cannot be seen whatsoever. These too create a connection to streams of power with which I.G.O.S. has made contact. Just reading the book connects you to our streams of power, and nothing more needs to be done with regard to the text of the book.

THE MYSTERY OF THE SIGIL SYSTEM

The Sigil System and the activation of the Inner Magical Being has been developed from Ancient Mystery Schools, and is being brought to the public by I.G.O.S. for the first time in history. Long years of training are no longer needed if you are led by the correct master teacher.

AN ANCIENT SECRET METHOD MADE MODERN

The Sigil System is an ancient secret method used in all Mystery Schools around the world. In Tibet, China, India and Europe, Sigils have been used in all Secret Orders. Some of these are commonly known, such as Solomon's Seals, while others are closely guarded secrets. Magical Sigils are unique to each group and hold secrets only known to that group. And more specifically, only the Grand Master of a magical organization knows the complete secrets held within its Sigils.

In fact, the Sigils in this book are *not* as they appear. It is not the crude outward image or shape that causes the effects. Rather, it is the *encoded* secrets

within the Sigil, which cannot be seen in total, that are doing the work. Secret words of power, god names and symbols unknown to even most manifestation scientists, are all encoded into the Sigils, in their hundreds in some cases.

The bottom line is that the Sigil System works! And in the end, what *works* is what counts. If you experience consistent problems, it is not because of some fault in this proven system; rather, it is because your personal mental walls are stopping the activation of the Inner Magical Being. But even so, don't despair, as the personal guidance offered by I.G.O.S. will assist you in overcoming these mental blocks.

It is important for you to understand that this system is the most researched and used psychic training course in the history of the Manifestation Sciences, not to mention, it is based on teachings that magical institutions have been using for thousands of years.

Using the I.G.O.S. Sigil System makes this training the fastest way to empowerment known today, with the least amount of effort. This is a proven scientific system that has been in use and development for over 30 years. It will work for anyone who applies its practices correctly. So use the Sigils consistently, as instructed, and you too will reap their manifold rewards in your life.

HOW THE SIGILS WORK

The Sigils work deeply on your consciousness over *time*, releasing and empowering higher Bio-Physical Functioning, and activating your Inner Magical Being. It is an on-going, *cumulative* process that builds from one level to the next. This means that it requires *time* for your consciousness to release past mental memes so as to be reformatted into a state of Higher Consciousness.

This, however, cannot be achieved at a forced level of consciousness. Rather, it must be *allowed* to just happen. The Sigils are your key to activating the awesome abilities that lie dormant within your being through the activation of your Higher Self or Inner Magical Being. It is critical to use these Sigils along with the techniques offered in this book. Their effects start working straight away without any conscious thought or interaction on your part, other than to simply view them, or else use them as instructed.

Again, you cannot force these changes to happen. They happen on their own without you assisting in any way, and the results are profound as they activate your inner abilities. The process is a *slow* one, but its cumulative effects empower you far beyond the level that you could ever hope to achieve through common learning or practices.

Some of the Sigils are optical illusions in their outwardly appearance, which help distort consciousness and facilitate faster training. But, even so, any optical illusion is still only the observable part of the Sigils. As previously stated, each Sigil has hundreds of hidden activation symbols within them. Some can be seen, if you look carefully, while others are deeply hidden within the Sigil and cannot be seen at all.

The Next Level Wish-Materialization Technology found in this book, and in all the books in the Series, is *revolutionary* and is only available with I.G.O.S. training materials. With that in mind, exactly how to use the Sigils is detailed next.

HOW TO USE THE SIGILS IN THIS BOOK

The first thing you need to do is get out of your own way. The Inner Magical Being knows how to use the Sigils to empower you without you consciously getting involved in the process. You know nothing, whereas your Inner Magical Being knows all. In fact, the more you *think* you know about Manifestation, the more you disempower yourself.

The Sigil System is a technology that you need only *allow* to happen within your consciousness. It is *not* about forcing, thinking about, or making it happen. It is beyond conscious thought and must be allowed to just activate without effort. Understand this and just let it be.

There are essentially four ways in which a Sigil can be used. Bear in mind that not all four ways apply to every Sigil or to every Mysterious Book. It depends on the subject matter of the book, and the specific purpose of the Sigil. Which way a Specific Empowerment Sigil is to be used, or else a combination of ways, is

specified in their respective chapters, and in the instructions below each of these Sigils found at the back of the book.

THE FOUR BASIC WAYS OF USING SIGILS

1. VIEWING

The first way and most common way to use a Sigil, is to just *view* it. Importantly, the viewing of the Sigils applies to *both* the Success Tech Sigils and the Specific Empowerment Sigils. The key is to do *nothing* but view it. Simply relax, view it, and let the energy flow into your Third Eye. Turn off your thinking completely. View it more like a work of art without making a judgment and without thinking about the process, or anything else for that matter. Simply stare at it without any thought.

You must view a Sigil for 1 to 2 seconds at a time but *no longer*. *Twice* a day is the *minimum* number of times you must view a Sigil, preferably first thing in the morning upon waking up, and last thing in the evening just before going to bed. It is also recommended to do so in the afternoon if you can find a relaxed moment. That is all that is needed.

It is best to mentally state “I activate my Inner Magical Being” *before* and *after* each viewing of the Sigils that are intended to empower *you* as the user of the book. Do not state this when using those Sigils that are to be inserted in another person’s (your target’s) Third Eye, as you will learn in the third way of using the Sigils.

You can view a Sigil as often as you like, as long as it is not over the stated time limit of 1 to 2 seconds. The main reason it is critical *not* to view a Sigil for longer than 1 to 2 seconds in any one viewing, is that the mind is *bored* quickly and starts *blocking* the Sigils if viewed for longer periods.

In a Mysterious Book of Masters, the one exercise that can be consistently repeated as many times as you desire, is the viewing of the Sigils. It is recommended that you do so often and throughout the day by simply going from one Sigil to the next, viewing each one. You can also carry the book with you and

view the Sigils when you have some time, for 10 to 15 seconds each, instead of the full 1 to 2 seconds.

But always remember: do not think about the process or anything else, and do not judge anything - just *be* during the viewing. Simply *view* the Sigil, be *open* to receiving its empowerments, and *enjoy* the process.

2. FACE-DOWN PHOTOGRAPHS

Some Sigils require that you place a photograph of yourself or of another person (your target) face-down on the Sigil, and leave it there. This directs the energy of the Sigil 24/7 to whoever is on the photograph without you doing anything further. Lift the photo each time you view the Sigil, then replace it and leave it there again.

For Sigils aimed at the user of the book, you must use a recent photo of yourself, less than 30 days old. It is best to change your photo periodically to keep it recent. For Sigils aimed at influencing a target, a recent photo of your target is preferable, but if one is not available, any photo will do. And if a target's photo is not available at all, then a signature, or just their name written on a piece of paper suffices.

3. THIRD EYE INSERTION

The third way to use a Sigil is called Third Eye Insertion. As already stated, each time you view a Sigil that is intended to empower you as the *user* of the book allow it to enter your consciousness through your Third Eye.

Third Eye Insertion is also required for some Sigils that are aimed at influencing others. Such Sigils are usually used for the purpose of breaking through blockages or resistance in others. These Sigils are projected at a target and mentally inserted into their Third Eye. Here again, you do not need to think about anything or make any judgments. Just view the Sigil for 1 to 2 seconds, and then mentally imagine the Sigil being inserted into the target's Third Eye at around the center of the forehead. Do not think about the purpose or the situation at hand. Just imagine inserting the Sigil into their Third Eye - period.

The thoughtform of the Sigil does all the work on your target in the way intended by that Sigil.

Recall that a Sigil that is to be inserted in your *target's* Third Eye need not mentally enter your *own* Third Eye. To do so, simply view the specific Sigil with the *underlying intention* of inserting it into your target's Third Eye only, but without *thinking* about it during the process or *worrying* about whether or not you are doing it correctly.

4. PLACE THE BOOK NEAR OR UNDER YOUR PILLOW

The fourth way to get the Sigils working for you is to simply place the physical book under your pillow before sleeping, or if this is not possible, near you while you sleep.

You can also carry the book with you throughout the day, even if you do not get a chance to view the Sigils. The reason this is recommended is because a Mysterious Book of Masters is encoded with secret information hidden within its text and Sigils, and so it is essentially a Talisman from which you can gain maximum benefit by having it near you at all times. You can carry one book at a time, more so if you are practicing the exercises in that book, and which book you carry can be changed daily if you so choose.

LET THE SIGILS DO THE WORK

A word of warning is that the sheer simplicity of the Sigil System causes many users to underestimate its potency. This is because the vast majority of people understand things only at a very basic level of common thinking. Yet *thinking* is the problem. You need to *be*, *not think* your way through things.

In Manifestation Science, the common active mind is your enemy that must be controlled and mastered. Thinking is *not* helpful. It is a conditioned response that enslaves you to common levels of understanding and functioning; and a mental meme that needs to be directed. For this very reason, however, many manifestation scientists will find using Sigils odd and even difficult because it requires you to not *think*. To think *nothing* you must turn off the incessant chatter of the mind, but it is not easy because most people are constantly *thinking*

about everything, and mostly of things that have little value or importance that their mind keeps feeding them.

The key to surpassing this common level of consciousness is by *being* and *becoming* your real Higher Functioning Self or Inner Magical Being. But again, you cannot think your way into higher functioning. You need to *become* Higher Consciousness, and in so doing, go beyond slave-level thinking. Allowing the Inner Magical Being to take over is critical. You need to practice just being - to let things go and just be.

It cannot be stressed enough that to get the most powerful results out of using the Sigil System, do *not think about* the Sigils or their powers. Put common thoughts out of your mind and allow their energy to empower you joyfully. Simply keep your mind in neutral and let it be.

There is much to be learned without learning directly.

KEEP IT SIMPLE AND THE RESULTS WILL COME

The four aforementioned ways of using the Sigils is all there is to it. I.G.O.S. empowerments and your Inner Magical Being do all the work. One other issue is that too many Manifestation Scientists worry about the possible dangers that can result when you use ineffective manifestation systems. Rest assured that there are *no* dangers in using our training systems. No harm can come to you in any manner whatsoever. In fact, most magical practices hold little danger. It is more a case of whether or not you get results.

With I.G.O.S. Success Tech training, it is about how *much* empowerment you get, and how *fast* you do so. Everyone is different and will grow in empowerment as fast as it is best for them. Fast is not better! You need to be empowered to the level you can personally handle at any given time in your life. Manifestation Science is a lifestyle and it takes time to develop personal power. Having said this, no one has ever failed using our state-of-the-art, next level practices.

You *WILL* gain power! Once again, the question is to what level and how fast. This can be assisted and gauged by your Mentor. Manifestation Science is *fun* and

it is exciting to see yourself grow in personal power and master your reality! Stop being too serious about the art of Wish-Materialization, and start seeing it as fun.

FUN LEARNING THE NEXT LEVEL WAY

To get a full understanding of anything magical-based, you need to be given a huge amount of information that cannot always be offered in written form, moreso since long books tend to be boring and few can get through them. Writing is critical but it fails when massive amounts of information are needed to give you a greater understanding of the subject. Live lectures with teachers fail as well because there is no way you can possibly retain much of the information offered in one-off live seminars. It may be fun to see and interact with others, but in general all those long hours of teaching are wasted because you will remember little and there is no way to repeat a live lecture.

VIDEO AND AUDIO LECTURES

Thanks to modern technology, there are more effective ways to assimilate important additional information than reading or attending live lectures. This is where our video and audio lectures come in, which allow you to watch or hear long lectures over and over again.

Each time you do so, you gain more and more insights, right in the comfort of your home, at the time of your choosing, and at a pace that suits your level. This is a fantastic help for the serious manifestation scientist seeking a proper education in these arts. *Hearing* and *seeing* Master Manifestation Specialists explain the facts and experiences they have had is priceless! Everything our organization produces will include audio or video training. Visit our website for more information.

BOOKLET TRAINING

Another aspect of Fun Learning the Next Level Way is about producing potent information in booklet form, whereas most books on the market are 80% padding with very little practical training.

While some extra information is of course needed for better explanation, most padding is useless information aimed at increasing the page-count demands of publishers and the public. People tend to judge a book first by its number of pages, and not by its content, and wrongly believe that the more pages in the book, the better it is. The truth is usually the opposite.

Next Level Manifestation Training books are generally around 50-70 pages in length to enable the student to comprehend all the life-changing principles therein. Long detailed instructions are intimidating to most and endless information makes practices appear complicated. Detailed complicated training is best left to Magical Organizations for the dedicated student with a higher level consciousness, but it is wasted on the average person.

Having said this, some books in the Mysterious Book of Masters Series are longer, as their subject matter necessitates them to be. But again, everything in a Mysterious Book of Masters is of importance – all the Sigils, the text and all the practices. Nothing is there for decoration or simply to fulfill some vague page number requirement.

SPECIAL MANIFESTATION TOOLS AND DEVICES

We have a variety of Special Manifestation Tools and Devices that among other things, assist you in obtaining power faster and easier; activating special brain centers and the Inner Magical Being; and continuously projecting energy without you the practitioner having to be present. Life is complicated and requires as much help as you can get and as a Manifestation Scientist you will be working on lots of areas of your life, as well as on others. Think about it this way - you can walk to the supermarket but it is easier and faster to use a car. The same applies to magical and manifestation technologies. I.G.O.S. Success Tech Tools will greatly assist the process and in many cases, achieve results that you could not otherwise achieve without them. You can find out more information about these tools on the I.G.O.S. website.

ADDITIONAL TRAINING AND CERTIFIED I.G.O.S SUCCESS TECH PRODUCTS

On the following page, you will find resources for the serious manifestor. This includes the official I.G.O.S. website and other I.G.O.S.-screened websites that offer thousands of free links to books, courses, videos, and additional information on just about anything you could be interested in. This massive, screened and mostly free resource, is not to be missed. Moreover, make sure to use *only* I.G.O.S. Success Tech-authorized and approved suppliers for your magical supplies. IMPORTANT - BOOK REGISTRATION

It is a critical requirement to *register* this book with I.G.O.S. so as to activate it to you *personally*, and gain its immense benefits. It is important to understand that a Mysterious Book of Masters is 'dead' until it is reanimated into magical life by I.G.O.S. Copied or unregistered books do not work. Be very certain that book registration is not a marketing gimmick. It is of absolute necessity for the book and its Sigil System to work for you.

Your information is kept private and is not used for any marketing purposes. I.G.O.S. Success Tech is not a business; It is a non-profit College and Research Society. Having said this, it is recommended that you sign up to our mailing list to keep updated about the happenings in the Success Tech world and its new releases in all formats. Audio Amulets

In addition to high-powered Sigils, we offer our revolutionary Audio Amulet Energy Transfer Technology. The Audio Amulet passes gigantic amounts of magical knowledge to the student on several levels. This is not meant to replace verbal training from a Master; hearing a Master, feeling their energies and getting sound-wave empowerment through the audio is amazing! An hour lecture is equal to hundreds of pages of written knowledge that becomes interesting instead of just “pages to read”. Through exclusive I.G.O.S. Success Tech Empowerment processes, audio amulets serve as True Amulets that when played, produce huge empowerment energies of all types. The audio amulets create a type of sound wave transfer. The actual spinning of the CD/DVD with the exclusive Sigil on it creates this amazing sound wave of empowerment penetrating all your energy bodies to levels only sound waves can. Sigils serve as more direct Third Eye empowerment, while audio amulets penetrate your ENTIRE being. The Audio Amulet case itself serves as a practical tool where you insert an instant photo and leave it there. The internal Sigils in the case empower you 24/7 with that specific energy. Oftentimes, the “case” is used with other “cases” to create even greater empowerment, which equates to the student being literally bombarded and submerged in torrent of Manifesting energies.
